Dr. Talati's Scheme, City Municipality, Mysore.

Q.—144. Sri K. PUTTASWAMY (Srirangapatna).—

Will the Government be pleased to state:—

(*a*) whether the City Municipal Council, Mysore, submitted any proposals for increasing the establishment for bringing under wet and garden cultivation an additional extent of 90 acres of dry and fallow lands of Municipal Sewage Farm under a scheme known as "Dr. Talati's Scheme" in their resolution passed in the month of February 1955;

(*b*) whether the Municipal Council submitted a comprehensive scheme for sanction of the Government before the scheme referred to was taken up and what was the staff that was proposed at that time; whether the scheme was not approved;

(*c*) whether the Government made counter proposals and wanted the Council to furnish their remarks in their letter dated 26th August 1955 (the letter in full may be given);

(*d*) whether the Government have sanctioned the staff asked for at a subsequent date; if so, what is the staff sanctioned;

(*e*) if the Government have not sanctioned the establishment asked for by the Municipal Council in full, what are the reasons for refusing to do so;

(*f*) whether there was a letter from the Government asking the Municipality to divide the land of the sewage farm and lease it over for purposes of betel leaf cultivation; if so, when was that proposal made;

(*g*) whether the Municipal Council agreed to the suggestion made by the Government;

(*h*) whether there is any relationship between the proposal made by the Government or leasing out the land and refusing to sanction the establishment asked for by the Municipal Council for purposes of the development of the sewage farm?

Copy of the letter No. L. 6199—C.M. 101-53-15, dated 26th August 1955, from the Secretary to Government, Education and L.S.-G. Departments, to the Municipal Commissioner, Mysore City Municipality, through the President.

Subject.—**Sewage Development Schemes—Proposals for increasing the establishment—Mysore City Municipality.**

With reference to your letter No. C2. P.R. 185 C. 669—54-55, dated 28th April 1955, on the above subject, I am directed to state that this scheme is a very costly one. The income is about Rs. 1,01,000 and the expenditure is Rs. 97,460 The expenditure includes repayment of loan instalment of Rs. 20,000, thus the actual expenditure will be Rs. 77,460. It is, therefore, considered that it is not always economical if the Municipal Council or Government Department runs the farms. It is better if the land with sewage water is leased for a period of 3 years or 5 years. This will actually give scope to save money which is otherwise spent on lazy coolies, maistries who are sure of their monthly pay whether they work or not. Even the maintenance of a Farm Manager will not be necessary because the lessee will make such arrangements as he deems necessary. A suitable rate may be charged for sewage water. I am to request you to examine the above proposal and furnish the remarks of the Municipal Council in the matter, early.

Industrial Finance Corporation.

Q.—150. Sri K. LAKKAPPA (Channarayapatna).—

Protected Water supply to villages in Chitaldrug District.

Q.—164. Sri Mulka GOVINDA REDDY (Chitaldrug).—

Will the Government be pleased to state :—

the names of villages in Chitaldrug District that are included for providing protected water supply during 1955-56 and 1956-57 ?

A.—Sri T. CHANNIAH (Minister for Public Health and Local Self-Government):—

Schemes for the supply of safe drinking water to the undermentioned villages in Chitaldrug District have been prepared. They have been forwarded to the Government of India for their approval and for sanctioning the usual grant-in-aid for the implementation of the schemes.
